

Creativity is in Full Bloom with CCT!

Spring is almost officially here! I have new seasonal project boxes in the shop for you to create and add a new touch of Spring to your home or garden. I am also creating art with you all, in person, at Cool Beans Brew in Ft. Pierce so be sure to sign up for those classes quickly, as spaces are limited and I'd love to see your friendly faces in person again! For those of you not ready, I am still on FB LIVE every Tuesday evening creating with you. If you can't catch it LIVE,

simply watch the playback with your favorite beverage and enjoy the escape joy creating art gives us. Until next month, continue to check my website and FB page for updates!
